WE ARE ANIMAL GUARDIANS • ANNUAL APPEAL 2023

Over the past year, WAG continued to have a steady stream of incoming pets. In general, dogs are going to new homes as soon as we take them in, but this year cats are taking much longer than dogs to place. WAG has had an unusually large number of cat surrenders and a decrease in cat placements which has resulted in an increase in our expenses.

WAG was founded nearly 30 years ago and people are on their second, third, and sometimes fourth pet from us! Regardless of how long it takes, we keep searching for a permanent home for all of our pets. We couldn't do this without your generosity. Your donations are crucial and very much appreciated. We hope you will continue your support so we can help more animals.

Home At Last

SALEM

She invented cute! She shows all of her charm to anyone who will pay attention to her.

BONNIE & BOW

These two are loving life in their new home and getting all the attention they know they deserve.

SUNNY

This big yellow tiger found his forever home with a loving owner and is now the official greeter to anyone who comes by.

These pets are available for adoption

FRECKLES

This girl is a real charmer. At age one-and-a half, she is happy and confident and loves to play with toys. She is ready for her forever home.

ADDIE

Addie is a one-year-old Border Collie. She is incredibly sweet and loving and gets along well with other pets. She knows her basic commands and loves belly rubs and snuggles on the couch.

MAGGIE

Maggie is a five-year-old Lab/Shepherd. She likes to go for walks and car rides and knows some basic commands. She loves stuffed squeaky toys.

PERCY

This male Poodle/Shih-Tzu mix is 10 years old. He wants to be an only pet and loves people attention.

MISS FLUFF

Miss Fluff Is a true Diva. She takes a while to adjust to new surroundings. She is looking for a patient home who will appreciate her.

PEACHES, JEZEBEL & STEPHEN

These three cats are nine-year-old litter mates that we would love to place together. (Their owner passed away.) They are very social and love playing and hanging out together.

Which Type of Cat Litter is Best?

There are a lot of cat litters out there, and deciding which to use starts with whether you – and your cat – like clumping or non-clumping litter. The most important characteristic is that your cat likes it and will use it. Most adult cats can use clumping litter safely so if your cat is happy and remains healthy, don't rock the boat!

Situations in which you might choose a non-clumping litter:

- Young kittens
- Cats or caretakers with asthma
- Cats that play with or eat their litter
- Long-haired cats

Use Caution!

Clumping litters do have their downsides, and are not the best fit for every cat. If your cat swallows any litter, either directly or in grooming, the moisture in the gastrointestinal tract can trigger it to clump, which can lead to irritation or even obstruction in the GI tract. The same thing happens if your dog gets in the litter box.

Over the Rainbow Bridge

CISCO

He was a super smart boy and we miss him every day.

HANNAH

She was content to sit in the window counting the birds and enjoying the warmth of the sun.

OUR MISSION

Founded in 1996, WAG is an all-volunteer rescue and adoption organization based in central New Hampshire. We are dedicated to providing humane care and shelter for abandoned, abused, and unwanted animals; finding them suitable homes and increasing public awareness of responsible pet ownership.

While we work hard to make each placement permanent, we know that things can change in people's lives. WAG will take back any pet without question, regardless of how long the pet has been in the adoptive home. **We are here for an animal's entire life—no matter what.**
